RE: Rental Assistance

Dear 

Northwest Oregon Housing Authority (NOHA) was advised on May 8, 2009, by Housing and Urban Development (HUD) of its renewal funding allocations for the Housing Choice Voucher Program (HCV) for calendar year 2009. Our funding has been reduced significantly, effective June 1, 2009, through December 31, 2009. Our only option at this time is to terminate rental assistance for a minimum of 230 program participants.

This letter is to notify you that your rental assistance will be terminated effective July 1, 2009. At that time you will be required to pay the current contract rent. Enclosed is a voucher issued effective July 1, 2009. There is no expiration date. As soon as the housing authority has the funding you will be notified and re-instated to the program. It is important that the housing authority knows your current mailing address. Hopefully, re-instatements can start occurring in December, 2009.

We apologize for the inconvenience this will cause your family. We encourage you to speak with your landlord to see if something can be worked out until you are re-instated. If something cannot be worked out please contact agencies in your community to see if they have help available.

Sincerely,

A handwritten signature in cursive script, appearing to read "Carol Snell".

Carol Snell  
Executive Director
