

Happy New Year!

Our 2010 New Year's Resolution is to stand up for our community by protecting services like education, health care, and public safety. For too long, large corporations have paid just \$10 a year in Oregon income taxes, while average Oregon families and small businesses have picked up the tab.

On January 26th, Oregonians will have a special election on Measures 66 & 67 that will protect nearly \$1 billion. They will:

- Increase the \$10 corporate minimum income tax for the first time since 1931
- Increase the marginal tax rate on personal income above \$250,000 per household.

**Vote YES on Measures 66 & 67 on January 26th!
Vote YES to protect rural Oregon!**
