

**I WANT TO BE A PART OF  
BUILDING A PEOPLE'S  
ECONOMY!  
LET'S BRING OUR MONEY HOME!**

I want to

- Host a conversation** about Building a People's Economy with people from my community.
- Bring My Money Home** by depositing my money in a locally controlled bank or Credit Union.
- Research** local banks, credit unions & organizations about their lending/spending practices and community involvement.
- Be a part of the People's Economy **Tech & Web** creative experimentation team.
- Be a **People's Economy Point Person** -- a braintrust of the campaign for your community & a local advocate of sustainable economies.

## Our time is now!

Join ROP in Building a People's Economy that meets the real needs of our communities & develops the real wealth that we have.

Building a fair economy, a democratic economy means  
Bringing Our Money Home

- Get out of the failed banks & invest in community-centered, community-owned credit unions
- Develop new wealth within our communities through community gardens, food and child-care co-ops
- Demand living wages for working people - returning profits to the pockets of working families, rather than the wallets of corporate CEOs
  - Support worker-owned co-ops
  - Implement a fair tax system with shared responsibility – raise the corporate minimum and create a new tax bracket for the wealthiest 1%.

Do we want to get back to business as usual, or do we want a new system that gives us control over our lives, our homes, our health, our education, these wars, & our dignity?

## RURAL ORGANIZING PROJECT
