Vote Yes for Oregon

Vote Yes for Education, Healthcare, and Public Safety

[www.VoteYesForOregon.org](http://www.VoteYesForOregon.org)

**We all want the best for our children.**

Vote **YES** to protect funding for our kids' schools.

**Protect our Schools:**

**January 26th, 2010**

**Vote YES on 66 & 67**

## It's Simple: Corporations should pay more than \$10 a year in income taxes.

### Vote **YES** to Protect our Children's Future!

If the funds preserved by Measures 66 & 67 are distributed proportionately, Voting YES will protect:

- K-12 Public Education (\$285.5 million).  
§ The equivalent of preserving 1,610 teachers and 1,057 hourly employees including custodians, cafeteria workers, bus drivers, etc, statewide.
- Community Colleges (\$24.4 million)
- Oregon University System (\$39.9 million)
- Student Assistance Commission (\$5.1 million)
- Oregon Health Science University OHSU (\$4.1 million)

**Help defend Oregon schools, healthcare, and the safety of our communities!**

Over 90% of the state's budget goes directly to education, healthcare, and public safety services on which we all depend. The economic crisis has put these vital services at risk. At the same time, **two-thirds of corporations pay just \$10 a year in Oregon's corporate minimum income tax.**

It's time to protect critical services and middle class taxpayers. This January, voters can protect education at every level by voting YES on Measures 66 & 67. By **voting YES** to raise the corporate minimum and the tax rates on households with income above \$250,000, we can preserve essential services like K-12 education, in-home care for seniors, and the Oregon Health Plan through these tough economic times. **Over 97% of taxpayers will not see a rise in their taxes.**
