

# Vote YES

On January 26<sup>th</sup>  
Vote YES! to Protect  
Rural Oregon

- **Vote YES** to restore fairness to our outdated, imbalanced tax system.
- **Vote YES** to protect education, public safety, and healthcare.
- **Vote YES** on January 26<sup>th</sup>.

For too long, large corporations have gotten away with paying just \$10 a year in Oregon income taxes, while average Oregon families and small businesses have had to pick up the tab of paying for schools and basic services. It's time for a change.

This January, there will be a special election on Measures 66 & 67 to increase the \$10 corporate minimum income tax for the first time since 1931, and increase the marginal tax rate on personal income above \$250,000 per household. These measures protect nearly \$1 billion for education, healthcare, and public safety.

Some large corporations and out-of-state special interests are preparing to spend millions opposing these measures, because they don't want to pay more than \$10 in income taxes.

## Before you vote, consider this...

- **Over 90% of the state budget goes to vital services** like education, healthcare, public safety and human services – all of which are threatened by the economic crisis.
- 2/3rds of corporations doing business in Oregon pay **just \$10 a year** in income taxes. That includes out-of-state corporations that do millions of dollars in business in Oregon, and paid their CEOs millions in compensation, but paid no state taxes in 2008. The \$10 corporate minimum tax **hasn't been changed since 1931**.
- More than **98.5% of taxpayers** in most rural counties **won't be affected at all** by the proposed change to Oregon's personal tax.

## Voting basics

- Voter **registration deadline is January 5<sup>th</sup>**. Register online at: [www.sos.state.or.us/elections/votreg/se1500.pdf](http://www.sos.state.or.us/elections/votreg/se1500.pdf)
- Ballots will be mailed out starting on January 8<sup>th</sup>.
- Remember to turn your ballot in by Tuesday, January 26<sup>th</sup>! Call the Jackson County Election Office at (541) 774-6148 to find out where the nearest drop box is!

Tax Fairness in

# Jackson County

**Small Businesses Support  
Measures 66 & 67**

“As someone involved in the local business community for 20 years, I know that we can no longer sustain continued cuts in our local schools if we expect an educated workforce and a safe community.”

*--Jeff Thomas, General Manager of Connecting Point Computers and Member of the Medford School Board*

## What do Measures 66 & 67 mean for Jackson County?

Rural Oregon has been especially hard hit by the economic crisis. With unemployment rates consistently in the double digits, Oregon’s rural communities can hardly afford further cuts to vital services.

Measures 66 and 67 keep our rural schools, health clinics, and senior facilities funded at adequate levels. And they make sure that rural Oregon’s working and middle class families won’t have to carry a disproportionate burden of the costs of maintaining these services. In fact:

- **In Jackson County, the number of families receiving food stamps has increased by 28% over last year!**
- **Just 2% of taxpayers in Jackson County will be affected by the personal income tax increase.**
- **Of the 87,141 tax filers in Jackson County, only the 1,728 wealthiest households will see their income tax levels raised.**

Measures 66 and 67 ensure that large corporations and the wealthy pay their fair share. These measures are one small step towards creating stronger, more democratic communities and resilient rural economies.

## January 26th, 2010 Ballot Measures Advance Democracy

Ballot Measure	What it Does	Workable Solution?	Advances Democracy?
<b>67</b>	Increases the corporate minimum income tax from \$10 to \$150 and increases the marginal tax rate on corporate profits above \$250,000 by 1.3% (above \$10 million in 2013).	<b>YES</b> Will help avoid further cuts to vital services like schools, health care and public safety by ensuring corporations pay their fair share. Establishes reasonable corporate tax rates that are still the lowest on the west coast. Makes sure small businesses can survive these tough times.	<b>YES</b> Restores a level of fairness to our outdated and imbalanced tax system. Corporations that benefit from a well-educated populace and safe, livable communities contribute a fair share towards maintaining the common good.
<b>66</b>	Increases the marginal tax rate by 1.8% on personal income above \$250,000 for couples and above \$125,000 for individuals.	<b>YES</b> Like 67, this measure protects the common good by ensuring adequate funding for basic programs that benefit all, rather than shifting the burden of the economic crisis to those who have been hardest hit already.	<b>YES</b> A healthy democracy guarantees a reasonable standard of living for all Oregon families. Measures 66 and 67 fairly distribute the costs of maintaining a reasonable standard of living according to people’s ability to pay.
