

# Vote YES

On January 26<sup>th</sup>  
Vote YES! to Protect  
Rural Oregon

- **Vote YES** to restore fairness to our outdated, imbalanced tax system.
- **Vote YES** to protect education, public safety, and healthcare.
- **Vote YES** by January 26<sup>th</sup>.

This January, there will be a special election on Measures 66 & 67 to protect funding for our schools and critical services. These measures will increase the \$10 corporate minimum income tax for the first time since 1931, and increase the marginal tax rate on personal income above \$250,000 per household.

Some large corporations and out-of-state special interests have spent millions opposing these measures, because they don't want to pay more than \$10 in income taxes.

## Before you vote, consider this...

- **Over 90% of the state budget goes to** education, healthcare, public safety and human services – all of which are threatened by the economic crisis.
- 2/3rds of corporations doing business in Oregon pay **just \$10 a year** in income taxes. That includes out-of-state corporations that do millions of dollars in business in Oregon, and paid their CEOs millions in compensation, but pay only \$10 in corporate taxes. The \$10 corporate minimum tax **hasn't been changed since 1931**.
- More than **98.5% of taxpayers** in most rural counties **won't be affected at all** by the proposed change to Oregon's personal tax.
- Measures 66 & 67 will give tax **relief to the unemployed**. The first \$2400 of unemployment benefits received in 2009 will not be subject to Oregon income tax.

## Voting basics

- Voter **registration deadline is January 5<sup>th</sup>**. Register online at: [www.sos.state.or.us/elections/votreg/se1500.pdf](http://www.sos.state.or.us/elections/votreg/se1500.pdf)
- Ballots will be mailed out starting on January 8<sup>th</sup>.
- Remember to turn your ballot in by Tuesday, January 26<sup>th</sup>! Call the Wasco County Election Office at (541) 506-2530 to find out where the nearest drop box is!

Tax Fairness in

# Wasco County

## Wasco County Businesses Support Measures 66 & 67

*"As a small business owner, I know part of my responsibility to our community is to support the basic building blocks that hold our society together – education, health and public safety.*

*Measures 66 and 67 make sure that all businesses pay a fair share towards protecting the vital services that benefit all Oregonians. Please join me in voting Yes on Measures 66 and 67."*

--Luise Langheinrich, Boulder Path Designs, The Dalles, Oregon

## What do Measures 66 & 67 mean for Wasco County?

Measures 66 and 67 keep our rural schools, health clinics, and senior facilities funded at adequate levels. Without these tax measures, working families in Wasco County will continue to feel the burden of this economic crisis. In fact:

- Over 1,385 people in Wasco County filed new unemployment claims in 2009.
- The number of families receiving food stamps in the county has increased by 14.7% over last year.
- Less than 1.4% of people in Wasco County will be affected by these measures.
- Of the nearly 10,000 tax filers in Wasco County, only the 138 wealthiest households will see their income tax levels raised.

Measures 66 and 67 ensure that large corporations and the wealthy pay their fair share. These measures are one step towards creating stronger, more democratic communities and resilient rural economies.

## January 26th, 2010 Ballot Measures Advance Democracy

Ballot Measure	What it Does	Workable Solution?	Advances Democracy?
<b>67</b>	Increases the corporate minimum income tax from \$10 to \$150 and increases the marginal tax rate on C-corporations' profits above \$250,000 by 1.3 percentage points (above \$10 million in 2013).	<b>YES</b> Will help avoid further cuts to vital services like schools, health care and public safety by ensuring corporations pay their fair share. Establishes reasonable corporate tax rates that are still the lowest on the west coast. Makes sure small businesses can survive these tough times.	<b>YES</b> Restores a level of fairness to our outdated and imbalanced tax system. Corporations that benefit from a well-educated populace and safe, livable communities contribute a fair share towards maintaining the common good.
<b>66</b>	Increases the marginal tax rate by 1.8 percentage points on personal income above \$250,000 for couples and above \$125,000 for individuals.	<b>YES</b> Like 67, this measure protects the common good by ensuring adequate funding for basic programs that benefit all, rather than shifting the burden of the economic crisis to those who have been hardest hit already.	<b>YES</b> A healthy democracy guarantees a reasonable standard of living for all Oregon families. Measures 66 and 67 fairly distribute the costs of maintaining a reasonable standard of living according to people's ability to pay.
